Unemployment Benefits Finder

The federal government is allowing new options for states to amend their laws to provide unemployment insurance benefits related to COVID-19. For example, federal law allows states to pay benefits where:

• An employer temporarily ceases operations due to COVID-19, preventing employees from coming to work;
• An individual is quarantined with the expectation of returning to work after the quarantine is over; and
• An individual leaves employment due to a risk of exposure or infection or to care for a family member.

Update: Increased unemployment benefits provided by the federal government under the CARES Act (an extra $600 a week) are currently set to expire on July 31st. The loan amount is up to $2 million, with interest rates below market rate (Small business: 3.75% and Most Private, Non-profits 2.75%) and terms up to 30 years. Eligibility is based on size, type of business and financial resources.

In response to the COVID-19 pandemic, small business owners in all U.S. states, Washington D.C., and territories are also eligible to apply for an EIDL advance of up to $10,000. This loan advance will not have to be repaid.

Update: As of June 15th, SBA will begin accepting new Economic Injury Disaster Loan (EIDL) and EIDL Advance applications to qualified small businesses and U.S. agricultural businesses.

**Paycheck Protection Program**

The Paycheck Protection Program (PPP) is a loan designed to provide a direct incentive for small businesses to keep their workers on the payroll. The loans are up to $10 million and based off average monthly payroll costs and other conditions apply. SBA will forgive loans if all employees are kept on the payroll for eight weeks and the money is used for payroll, rent, mortgage interest, or utilities.

**SBA Express Bridge Loans**

The pilot program allows small businesses who currently have a business relationship with an SBA Express Lender to access up to $25,000 quickly.

**VOLUNTEERING, DONATIONS & MUTUAL AID**

Donations

There are many non-profits supporting individuals and households affected by COVID-19 in the form of donations. For those looking to provide donations, both in-kind and monetary, NCDP offers two guiding principles when donating to non-profits to maximize impact. The first is to donate to non-profits with a local focus. These organizations will be better engaged with the community they’re working in and will hopefully continue to serve through the recovery phase. The second is to donate to charities that are full vetted and highly rated for transparency and financial stability.

Under the CARES Act, up to $300 can now be deducted from a standard deduction filing in 2020 taxes for donations to qualified charities: [https://www.growyourgiving.org/giving-blog/cares-act-charitable-deduction-summary](https://www.growyourgiving.org/giving-blog/cares-act-charitable-deduction-summary)
